

HUMAN RESOURCES POLICY

HR POLICY

We adopt an integral approach towards the selection, appointment, salary system, training and motivation of our personnel in order to make them work efficiently and productively in line with our objectives.

For this purpose, we act in accordance with following 'Human Resources Principles' and:

- ensure the maintenance of strong communication with our employees at all levels and pursue a transparent and open-minded management mentality,
- aim at creating a long-running working environment within the framework of mutual respect, keeping the motivation of our employees and their loyalty to FREYSAS always at the forefront,
- create equal opportunities without making the least distinction among our employees,
- provide fertile environment for the professional and personal development of our employees,
- continuously review and improve our human resources policy.

FREYSAS is fully aware that its human potential is key to success in all its works and that it will be able to ground its future on solid bases the more this potential is strengthened.

"Our staff is the key to our success..."
